AI Motion Analysis

- ✓ **Follow through is excellent**
Full extension with proper wrist snap creates optimal backspin. Continue to emphasize this technique.
- ✗ **Elbow alignment needs adjustment**
Your shooting elbow is slightly out at a 42° angle. Try to keep it at 45° for better accuracy and consistency.
- ✗ **Balance is shifting during release**
Your weight distribution is uneven (78%). Focus on maintaining a stable base through the entire shot motion.
